Berco / Kagiso

1. Some requests from Berco:

- Please wash your dishes and keep the kitchen area tidy. It is very difficult for them to clean if there are dirty dishes scattered over the sink and working area.
- Please scrape your leftovers or any form of food into a plastic bag first before you through it in the bins. This will help to control the ant problem in some blocks and keep ants from becoming a problem in your block.
- Please clear the floor of your room before the Berco ladies come in to clean your room. This means that you should pick up all your clothes and washing from the floor, put your shoes in your cupboard and remove all items that do not usually belong on the floor, from the floor.
- Please give Ann a key for your room or leave your room unlocked so that the appointed Berco lady can clean your room. They will lock your room after they have cleaned it, if you leave your padlock unlocked. Please note on what day your block will be cleaned.

2. Kagiso

As you should know by now, Thursday evening at 18h30 we will have our Henne & Hane function. At the house meeting the majority of the house voted for the R30 option which is:

Starters: Chicken Salad

Main Course: Roasted Beef in Garlic and Rosemary Sauce, Potato Wedges, Pumpkin Fritters, Creamed Spinach and a Juice

Dessert: Chocolate Mousse

Please **BOOK** for Thursday evening! **NO BOOKING, NO FOOD.**

I have not received any special requests like for a vegetarian meal or so. If you do have a request, please email your request to me.

Because we will be enjoying such a lovely big meal the evening, lunch will be a light meal. Bring your blanky and come and enjoy lunch in a relaxing atmosphere, together with all the other Goldies, out in the sun, on the grass behind the "eetsaal".

Just a reminder: Please return all cutleries that you have taken from the "eetsaal".

3. Maintenance

As you will notice, notice boards have been put up the past week. All important notices will appear there. The HK members are the only people allowed to place notices on the notice boards. **ONLY** use pins. **DO NOT USE PRESTIK!** Keep the notice boards tidy.

Just a reminder: Please do not stick pictures and posters on the walls. If you want to put posters up, stick them to your cupboards.

If you have any maintenance problems in your block, please email me at 14205009@sun.ac.za or write the problem on paper and drop it at my room Toekoms Annex A13.

Thank you.

Safety & Security

A few important issues from the Student Security Council (SSC):

- Ladies, do not go walking or jogging alone in the mountain behind Coetzenberg. Please be alert and always have someone with you, preferably a guy.
- Do not give money or feed vagrants (bergies) on campus. It might seem rude, but if you do, it only encourages them to come on campus which is undesirable. There are many services in town that can help them. (I will provide more info next week)
- A number of lights on the roof plain are not working. It is a cable problem and will take time to fix, so please be alert when you pass through there after sunset.

Here are a few emergency numbers that I think you should save on your cell phone.

The Gazette will be there for Goldies to communicate their opinions, emotions, views and reviews relating or not really relating to Goldfields. The reason for this is because the Gazette isn't something about Goldfields; it is more something about the people that lives at Goldfields. The Gazette could report sports articles, but it could also publish something one Goldie felt to share with the rest. Therefore, if anyone needs to be heard, do not hesitate but e-mail the article, letter, opinion, etc to 15215199@sun.ac.za.

Other features of the Gazette include Tante Marge, and a weekly insightful article by Elzet.
