Capita Selecta: A student may take a *postgraduate module* offered in another programme/department that adds value to the student's module combination within the Postgraduate Diploma and is worth at least 15 credits. The selection must contribute to the student's understanding of conceptual, analytical or methodological issues in the social sciences. This module is planned in consultation with the programme coordinator.

The following modules are not presented during 2018:

Module 12578: Case Study Methodology (741)

Module 10274: Politics & ethics of social research (847)

Module 10267: Programme evaluation design (715)

Module 10269: Overview of ethnographic research methods (741)
