

Does the law understand insects?

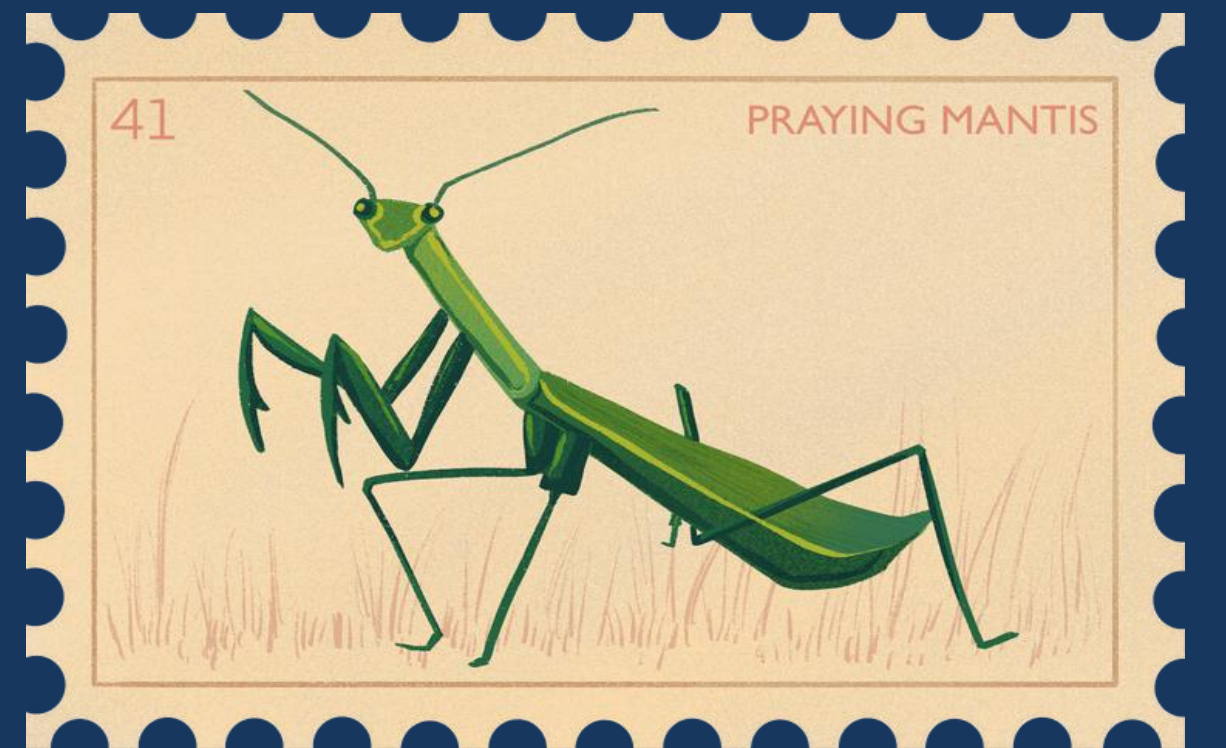

Dr. Biandri Joubert

Post-doctoral research fellow

School of Law, University of Witwatersrand

African Wildlife Economy Colloquium

4 November 2024

The short answer?

No, not well enough

(but its more complicated than that)

WITS
SCHOOL
OF LAW

How does the law 'see' insects?

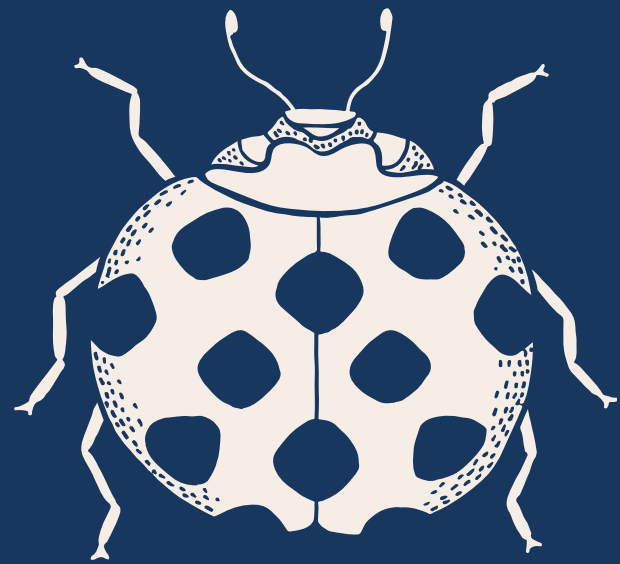

WITS
SCHOOL
OF LAW

Legal and other challenges observed during this research

**The contribution of a
sanitary and phytosanitary
lens in the regulation of the
safe trade in insects and the
reduction of (unjustified)
barriers**

Thank you
