TISO Foundation scholarships for PhD students

The Archibald Mafeje Scholarship for Advanced Study was born out of the need to promote doctoral studies in the country. Due to low participation rates, coupled with poor completion rates at Masters and Doctoral levels, and insufficient funding of post-doctoral studies the Foundation established the Archibald Mafeje Scholarship in 2014. The Scholarship was established in honour of the late Professor Mafeje who was an influential academic, who was denied access to various Professorships under the apartheid regime. This Scholarship aims to honour his academic legacy as well as his ideals of democracy. This programme aims to facilitate the growth of strong academic minds and increase the number and quality of black doctoral graduates, through the awarding of two doctoral scholarships, in South Africa annually.

Target: PhD students

Deadline: Not stated
