@pgioSU
Visit universities from around the world – without leaving the campus! Talk to representatives of universities from the continent, Europe, the US, Asia and Australia at our International Mobility Fair on 19 March 2015. Get first-hand information about study opportunities abroad. The Fair forms part of International Week, celebrated 16-19 March. Don't forget about our International Food Evening! This cooking feast will take visitors on a tour around the world with Maties international students preparing food from their home countries.
