

Bibliography of African Fatherhood

First edition published in February 2021.

This bibliography is created as a comprehensive, free, public resource for work conducted on fathers and fatherhood within the African context.

This bibliography includes journal articles, books, book chapters, doctoral dissertations, master's and honors theses; working papers; organizational reports; conference presentations and posters.

This is an evolving work. References will be added as we come across them, and indications of corrections are welcome. Relevant references will be accepted, regardless of language or date of publication. Please submit these to african.masculinities@gmail.com.

The Bibliography of African Fatherhood is updated annually.
