## 2. PRIVATE VEHICLES for official use – valid from 1 March 2018:

In terms of the tax laws an employee who does not receive a monthly transport/travel allowance is permitted to claim at most **R3.61** per km (*was R3.55 per km*), up to a maximum of 12 000 km per year.

Claims amounting to more than **R3.61** per km mean that the total claim becomes taxable and not only the portion above **R3.61** per km. Claims from employees who do receive a transport/travel allowance, including those amounting to less than **R3.61** per km, are fully taxable.

In view of this, it would in **most** cases not be advisable to claim more than **R3.61** per km.

### **Important Notice:**

Reimbursement of private transport claims must be done **within three months** of the actual trip and will be strictly enforced **from 1 January 2016**. This will ensure an error free claim and ample time for the Tax and Audit period.
